Simple Explainer

We provide this ‘simple explainer’ for anyone reading or interpreting our certificates of conformity to assist with understanding. There is further information on our website www.accscheme.com or by calling our certification team on **0345 257 0018**.

ISO/IEC 27566 establishes a framework for age assurance systems and describes their core characteristics, including functionality, performance, privacy, security and acceptability for enabling age-related eligibility decisions.

The client is permitted to update their practice statement with minor amendments during the period of validity of their certification, but more substantial changes should be notified to us, and a new certified copy issued.

A certified copy of the practice statement that has been assessed is provided in our online registry (Public Practice Statement).
